

SIMPLY ORGANIC® TURF CARE EARNS COVETED ANGIE'S LIST SUPER SERVICE AWARD

Atlanta, GA
October 27, 2015

The results are in and Simply Organic® Turf Care is officially an Angie's List Super Service Award winner in the Atlanta lawn care category. According to Angie's List founder, Angie Hicks, only about five percent of lawn care companies serving the metro Atlanta area meet the high standards used to evaluate companies' performance. All Super Service Award winners are required to maintain straight A's in such areas as pricing, punctuality and professionalism during the entire review period, which in this case was 2014.

“This is fantastic news. Atlanta organic lawn care that works along with great service is extremely important to us. It's really good to know that our customers feel we're delivering the goods.

Daniel Edmonds, Branch Manager at Simply Organic

Angie's List Super Service Award

Simply Organic provides organic lawn care, tree and shrub care designed specifically for the region. Proprietary formulations are tailored to the area's climate, soil, turf types and other growing conditions. Each of the company's programs are built on a common foundation: effective treatments and care that promote healthy soil and landscapes and control weeds and pests while protecting families, pets and the environment from toxic chemicals.

About Simply Organic Turf Care: Simply Organic was founded with the goal of not just offering an alternative to conventional lawn care, but one that is highly effective. Over the years and drawing on a wealth of science and green industry experience, they've pioneered treatments that are giving Atlanta-area homeowners the healthy, green lawns and landscapes they want with the safety they expect.
