

ATLANTA LAWN CARE PROVIDER SIMPLY ORGANIC® TURF WINS 2016 ANGIE'S LIST SUPER SERVICE AWARD

Atlanta, GA
February 22, 2017

Simply Organic Turf Care is pleased to announce its second consecutive Angie's List Super Service Award. In the Atlanta metro area, only approximately 5 percent of lawn care providers – whether organic or conventional – qualify for the Super Service designation. And it takes more than positive customer reviews.

To be considered, a service company must first receive a minimum number of customer reviews. Then it must maintain straight A's throughout the entire review year in such rating categories as pricing, professionalism, punctuality, and quality or efficacy of the service provided.

“Safe, effective lawn care and excellent service are paramount to who we are. So it's great when our customers tell us we're succeeding. Our goal is to be announcing our third Super Service award this time next year.”

Les Cline, *Manager at Simply Organic*

Angie's List Super Service Award

Simply Organic provides Atlanta-area homeowners with organic lawn, tree, and shrub care designed specifically for the region and climate. Proprietary formulations are tailored to a homeowner's soil, turf type, and other growing conditions. Each of the company's programs is built on the foundation of delivering effective treatments and care that promote healthy soil and landscapes or other growing conditions.
